BRITISH TROOPS PLUNGING FURTHER INTO HINDENBURG LINE STRONG HUN COUNTER ATTACKS WEST OF CAMBRAI REPULSED

FIVE FIGHTING GENERALS OF THE ARMIES IN FRANCE

These five generals of the Allied armies have been taking an active part in the present Allied offensive. From left to right they are: Major-General Read, commanding Second Corps, American Expeditionary Forces; General A. D. McRea, Canadian forces; Major-General E. M. Lewis, commanding Thirtieth American Expeditionary Force; Major-General W. W. Wartz, of the American Mission; and General H. K. Bethell, commanding the Sixty-sixth British.

Americans Consolidate Gains in St. Mihiel Salient.

(By War Editor of The Associated Press)

British troops in desperate fighting are plunging further into the Hindenburg line north of St. Quentin while west of Cambrai they have withstood vicious German counter attacks.

The enemy is making every effort to retain his position on the 30-mile front and check the new allied move which threatens both St. Quentin and Cambrai.

IN MACEDONIA.

In Macedonia the Bulgarians are in flight northward before the Serbians and French. Hurled from important heights the enemy now has been forced back 12 miles and the pursuit continues.

SERIOUS MENACE.

How serious was the menace to the Hindenburg line to the north of St. Quentin is shown by the strong counter attacks the Germans have thrown against the British lines from Gouzeaucourt to the Arras-Cambrai road, thus extending the battle line nearly 12 miles to the northward.

MENACE LINES.

On the front attacked on Wednesday the British are pushing ahead against bitter resistance toward the St. Quentin-Cambrai road, railway and canal, three important lines of the enemy.

From Lempire to Pont Ruet which the British now hold the Germans have been hurled from the forward lines of the Hindenburg positions. The British at Lempire are four miles from Le Cateau, an important town while on a front of nearly 6 miles they are within one mile of the high road and canal. On a short front west of St. Quentin the French are working steadily toward the town and are on the outskirts of Dallon, 2 miles from St. Quentin.

BULGARS IN FLIGHT.

The Bulgarian retreat from the Serbo-Greek border is reported to be in the nature of a flight and the enemy is burning stores and villages in his path.

The allies have taken additional prisoners and war material which have not been counted, so rapid has been their advance.

A score or more of Serbian villages have been recaptured and the Bulgarians have been driven beyond Resimbey, 15 miles southwest of Prilet, the immediate objective. It is not unlikely the Bulgarians will continue their retirement.

CONSOLIDATING GAINS.

American troops are engaged in consolidating their new lines across the base of the St. Mihiel salient which

It does not take much effort or time to take the captured Huns back from the firing line. This photo shows a lone "Tommy" marching at the head of a bunch of "Heinies" passing a few comrades on the way to the rear. was wiped out last week.

The Germans are working hard to strengthen their lines in this sector but it seems improbable that a new American assault will be made at once in this region.

LOOKING INTO PROPAGANDA OF THE BREWERIES

Rigid Investigation to Be Made of Expenditures and Contributions to Campaign Funds.

By Associated Press Dispatch.

Washington, September 19.—Investigation of political and propaganda activities of the brewing interests was ordered today by the Senate. It will be directed particularly at the charges that the brewers through a Washington newspaper contributed unprecedented campaign funds. Influenced newspapers through advertising contracts, paid money to citizens and government officials and obtained pledges from some congressmen.

ITALY IN NO MOOD FOR IT

(Associated Press Cable)

Rome, September 19.—The Italian government has no knowledge of the Austrian note inviting the belligerents to a conference except for the text of the document carried by press agencies, a semi-official news agency announced today.

The government is indicated by this agency to be in no mood for opening such negotiations as are suggested by the unofficial text.

LIMITED SERVICE

By Associated Press Dispatch.

Columbus, O., September 19.—Under a call received from Washington today Ohio will send 750 limited service men to Jefferson Barracks, Mo., soon. The date will be announced later.

WAR TAX BILL NEAR PASSAGE

Eight Billion Dollar Revenue Bill Strikes Some Strong Objections in House.

By Associated Press Dispatch.

Washington, September 19.—Nearing conclusion of consideration of the eight billion dollar bill the House struck stumbling blocks in bitter fights over a proposed tax on cotton and an attempt to suspend the tax on mixed flour as recommended by the Food Administration. Both proposals went out on points of order after some debate.

Before these controversies started the House had disposed in short order of many amendments approved earlier in the day by the committee.

One that went through was a re-drafted proposition imposing a special tax of \$10 on all persons engaged in occupations, trades, businesses or professions whose incomes exceed \$2,500 a year.

COX PROTESTS

By Associated Press Dispatch.

Columbus, O., September 19.—Governor James M. Cox of Ohio this afternoon was attempting to get into telephone communication with Postmaster General Burson to protest against Mr. Burleson's order permitting telephone companies to make a charge for installation of from \$5 to \$15.

BRITISH CAPTURE 8000 PRISONERS

(By Associated Press Cable)

With the British Forces in France, September 19.—Field Marshal Haig's forces up to midnight last night had taken more than 8,000 Germans as result of their drive of yesterday on the Cambrai front.

FRENCH SECURE THEIR ADVANCES

(By Associated Press Cable)

Paris, September 19.—French troops last night continued their progress in the region of St. Quentin. Along the Vesle where the American and French troops are stationed, a German attack north-west of Courlandon was broken up by the French artillery fire.

YANKEES GIVE FOOD. TOMMIES DIVIDE CLOTH

(By Associated Press Cable)

London, September 19.—The sacrifice of Americans in skimping their own food supplies in order to feed the allies is matched to some extent by England's undertaking to refit and clothe 2,000,000 American soldiers. This will mean a great shortage of cloth for the civilian population.

LT. PUTNAM ACE OF ACES SHOT DOWN

Attacked by Seven German Planes While Scouting Above American Lines in Lorraine.

Shot Twice Through the Heart Before His Machine Fell in Flames.

(Associated Press Cable)

With the American Army on the Lorraine front, September 19.—First Lieutenant David E. Putnam, of Newton, Mass., American ace of aces, was killed late Wednesday afternoon while on patrol along the American lines.

Lieutenant Putnam was flying with Lieutenant Robertson, of Ft. Smith, Ark., when they were attacked by seven German machines. Four of these made for Putnam's airplane and three attacked Robertson. The attack was sudden and unexpected and the enemy was able to fire from above. Lieutenant Putnam was shot twice through the heart. His plane glided to earth within the American lines. Robertson returned safely.

Lieutenant Putnam, a descendant of Israel Putnam, was credited with 12 victories. He was awarded the French war cross after having won five victories in the air.

WANT AUSTRIA TO BE EXPLICIT

(Associated Press Cable)

Rome, September 18.—In a long article which is taken as reflecting the views of Vatican officials, if not the Pope himself, the Corriere D'Italia, the semi-official organ of the Vatican, declared Austria should be more explicit in her peace declarations.

ROLL OF HONOR

272 casualties are included in the lists issued today, 9 of them being in the Marine Corps. Only four Ohioans are included in the total list. The casualties of the Army are divided as follows: killed in action 59; missing in action 68; wounded severely 82; died of wounds 16; death by accident and other causes 4; wounded degree unknown, 5; died of disease, 17; prisoners 3; wounded slightly 3.

Ohioans—died of wounds, Pvt. Abraham D. Evans, Urbana. Killed in action, Pvt. Lewis E. Daniels, Pomeroy. Wounded severely, Pts. Thomas L. Knott, Cincinnati, and Elmer Thompson, Wellston.

The total Marine Corps casualties today are: Officers—Death 37; wounded, 64; missing, 1; total 102. Eldest men—deaths 942; wounded 1,927; in hands of enemy 11; missing, 150; total 3,030. Grand total 3,132.

GLOOMY LETTERS BY HUN TROOPS

Fear the Americans Will Overwhelm Them and Complain of Poor Food.

(By Associated Press Cable)

With the American Army on the Lorraine front, September 18.—Fear lest the Americans would advance and overwhelm them, bitter complaint of bad food and general despondency at the prospects of the war are the keynotes of the letters written home by German soldiers found on them when they were captured.

BAKU TAKEN

(By Associated Press Cable)

Paris, September 18.—Turkish troops have taken Baku, according to a Basel dispatch quoting a telegram from Constantinople under date of September 17.

This report would seem to indicate that the British have suffered a reverse in the Baku region.

HUNS SETTLING FOR A DEFENSIVE FIGHT NEAR METZ

American Lines Subjected to a Perfunctory Bombardment by the German Artillery.

(By Associated Press Cable)

With American Forces in Lorraine, September 19.—Entrenched in the second lines of the Hindenburg system the Germans along the front southwest of Metz appear to have accepted the new situation. The tactics they are employing are wholly defensive ones.

The Germans are carrying out a half-hearted and perfunctory bombardment of the American lines. Even challenges by American and French patrols are refused by the enemy except when a conflict is inevitable.

A SPECIAL TAX ON OCCUPATION

By Associated Press Dispatch.

Washington, September 19.—Extension of the proposed special war tax of \$10 a year on business or occupations so as to include all persons in professions and trades earning \$2,000 annually was approved today by the Ways and Means Committee.

DUMMY GUNS LEFT BY HUNS

(By Associated Press Cable)

With the American Army on the Lorraine front, September 18.—A German trick designed to deceive the allies has been discovered in the St. Mihiel salient where the Germans abandoned great quantities of decoy artillery, big guns, little guns, and even machine guns made of sheet-iron and wood. This has been found in places where it could be plainly seen by photographic observers.

NOTABLE CAREER CLOSED BY DEATH A. R. CREAMER ANSWERS CALL

One of Community's Leading Citizens Succumbs to Lingering Illness Which Baffled Skill of Physicians.

Prominent in Professional, Business and Financial Circles for Many Years.

In the death of Hon. Andrew R. Creamer, which occurred at the home on Columbus Avenue, at three o'clock Wednesday afternoon, following months of illness, which baffled expert medical skill, Washington Court House sustains the loss of one of the strong characters of its formative days, a man who achieved prominence in the legal profession, in financial, business and church life, with which he was identified for the greater part of half a century. It is often of interest to trace a man's origin in estimating the value and influence of his life. Mr. Creamer came of sturdy pioneer stock and upon this foundation he built a career that gave him prestige in his profession, honor and respect in his community. He was a man always found on the right side of every issue; quite, unassuming, conservative; a man of excellent judgment, whose counsel was widely sought.

While given generous political opportunity, he was far more interested in the success of right than in his own political advancement and championed causes not at the time popular with the majority, but that have since become so.

Mr. Creamer was a native of this county, born near Jeffersonville, June 12, 1847; the son of Joseph B. and Elizabeth (Life) Creamer. His grandparents came from Rockingham Co., Virginia to this county in 1816 and located on military land when the county was only seven years old, beginning life under genuine pioneer conditions.

The one hundred years which this family has spent in this county has witnessed more changes in the progress of civilization than all the previous years of its history.

After a liberal education far in excess of the usual education at that

time, Mr. Creamer returned from the University of Michigan, Ann Arbor, to teach school and, in the interim read law with the late Hon. M. J. Williams, Chief Justice of the Supreme Court of Ohio.

For almost forty years he practiced law in this city, and was also actively affiliated with the Republican party. In 1871, when only twenty-three years of age he was elected Prosecuting Attorney, which office he filled satisfactorily for one term, declining a second nomination.

In the year 1879 Andrew R. Creamer was nominated on the Republican ticket for State Senator and elected by five thousand majority. He was the youngest man in the Senate at that time and one of the youngest ever elected in the state of Ohio. He also served as delegate to the Republican National Convention of 1880, which resulted in the nomination of General Garfield for President.

Refusing further political preferment, Mr. Creamer from then on turned his attention vigorously to the practice of law and his rapidly growing business interests. He was one of the chief organizers of the Payette County Bank in 1899 and served as President of the organization for ten years. Previously Mr. Creamer was stockholder and attorney for the Commercial Bank. For some time he has been largely interested in Columbus real estate and a frequent visitor in the Capital city.

In later years Mr. Creamer's son P. B. Creamer, and son-in-law, D. L. Thompson, were associated with him in the law firm of Creamer, Creamer and Thompson.

Mr. Creamer was deeply interested in his church, Grace Methodist Episcopal, and for many years was President of the Board of Trustees. He was specially interested in the building of the present handsome stone edifice and was the last living member of the building committee under which it was erected.

Mr. Creamer belonged to two lodges, the I. O. O. F. and Knights of Pythias.

Just as truly as Mr. Creamer fulfilled his duties as a dependable citizen, was he loyal and devoted in his home and the widow and three surviving children, Mrs. Alice Moorman, Fred B. and Mrs. Daisy Thompson, are bereft of a most loving and considerate husband and father. Two brothers and one sister are living. Mr. Nathan Creamer, Vice President of the Farmer's Bank, of Jeffersonville, U. G. Creamer, of Jeffersonville, formerly Mayor of this city, and Mrs. Mary Ann Tobin, of this city.

A large number of minor relatives and the many friends and business associates of this courteous, kindly man, share in lesser degree the sorrow attendant upon Mr. Creamer's death.

Funeral services will be held at the home Friday afternoon at 3 o'clock. Burial will be made in the family lot in the Washington cemetery.

TWO DELIVERIES EACH DAY NEAR

Indication are that within a short time the number of deliveries made in this city by the Union Delivery system will be reduced from four to two—one in the forenoon and one in the afternoon.

The local grocers have been considering the request of Fred C. Croton, food administrator, who asked that the number of deliveries be reduced as a wartime measure, and some definite action is expected within a few days, and the trend appears to be toward two deliveries instead of four.

LADIES CIRCLE G. A. R.

The regular meeting of the Ladies Circle of the G. A. R. will be held Friday afternoon at 2 o'clock. Full attendance is desired.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. It attacks all classes, regardless of age, sex or conditions. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters—the purifiers, of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, difficulty when urinating, pain in loins and lower abdomen, gallstones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help.

MOTOR USERS ON GASLESS SUNDAYS WILL SHOW PERMIT

County Fuel Administrator D. S. Craig has left with Mayor V. J. Dahl

a number of placards to be used on automobiles driven on Sundays, where it is absolutely necessary for a car to be used, and autos bearing such cards are to be regarded as "essential service cars" as indicated on the placard. These cards will be distributed only in cases of necessity and to cars indicated in the accompanying

communication from the State Fuel Administrator for Ohio:

To The County Chairmen:

Referring recent request of the U. S. Fuel Administration regarding the conserving of gasoline on Sundays:

It seems that there is an improper interpretation of this request on the part of a number of people throughout the State, and in view of the fact that no definite order has been issued, the Washington Administration has said that this is a matter that is left wholly to the good judgment of the people themselves as to the way in which the request should be complied with, and that neither the State Administrators nor the County Committees should issue rulings or permits, but in view of the many cases that

have been reported to this office of violence in some localities against parties who find it absolutely necessary to use their machines on Sunday, we believe it might be well for our County Committees to get in touch with Automobile Clubs or the Mayors of cities and towns and suggest that they provide an "essential service car" placard which they can give to physicians and others whose duties require the use of automobiles on Sunday in order that they may be properly protected against any undue violence.

For your further information, please note that the following are exempted from the Fuel Administration's request:

1. Tractors and motor-trucks em-

ployed in actual transportation of freight.

2. Vehicles of physicians, used in performance of professional duties.

3. Ambulances, fire apparatus, police patrol wagons, undertaker's wagons, and conveyances used for funerals.

4. Railway equipment using gasoline.

5. Repair outfits employed by telephone and public service companies.

6. Motor vehicles on errands of necessity in rural communities where transportation by steam or electricity is not available.

The Wheat Acreage

The farmers of Fayette county—soldiers in the world's great and vital army of production—realizing the necessity for increased wheat production and, in many cases anticipating the formal call of the national government for an increased acreage, are already making very noticeable progress in the work of preparing for the 1919 wheat crop.

There is, of course, no more dependable crop in this section than wheat. Once in a while winter weather cuts the production below the anticipations of the farmer, sometimes the fly or some other pest cuts short the harvest, and sometimes in isolated cases the storms of late June or early July blow the heavy golden ripe grain to the ground just in advance of the coming of the reaper. But that possibility of partial disappointment—the possibility that the most rosy dreams of the farmer will not be realized exists with every crop—perhaps less with wheat than with any other crop.

But the high points are these—the nation needs wheat, the world needs wheat and the soldiers at the front can't get along without wheat.

We must raise a tremendous amount of wheat, we must sow a vast acreage in wheat—that's the patriotic duty.

Wheat brings more money today than ever before—the demand for vast quantities is certain and the record high price is guaranteed—that's the business end.

Wheat will do more to win the war than any other crop and wheat will pay more than any other crop the farmer can raise.

A. R. Creamer

When death terminated the earthly career of A. R. Creamer on Wednesday afternoon, this community lost one of its forceful older citizens who has been, all during his life, a powerful human factor in shaping the life and morals of the city and county.

Mr. Creamer has always been associated with every crusade for right. A successful lawyer, a man far-seeing and clear thinking on all the great questions of his time, he has always given freely, when asked, his advice and counsel in matters involving the political, business and moral welfare of this people.

Way back in the day's of Mr. Creamer's young manhood, when it was not so popular, as it is now, to champion the cause of temperance, Mr. Creamer was one of the strong figures in the then small army which waged an unrelenting and unending warfare against the liquor traffic.

Prominent in his chosen profession, influential in financial affairs, he was conservative but yet a progressive man. Honored politically, his voice and his vote in the senate of the state were always on the moral side of every issue.

Quiet and unassuming, he rounded out, with high honor a life, covering more than the allotted span, and leaves to his family, his friends and the community an imperishable memory of a successful and an honorable career which is a part of the foundations upon which has been erected the community life.

The Proposal to Belgium

None of the many proposals made during the whole period of the world war can, it seems to us, equal the one made to Belgium for downright coarseness and effrontery.

The Huns now propose to the Belgians that they evacuate their violated land, arrange for restoring Belgium's independence after the war on condition that Belgium remain neutral during the continuance of the war and use her best endeavors to secure for Germany a return of her lost colonial possessions.

Germany wants now, indeed must, it is plain to be seen, shorten her lines, must get back on German soil and Belgium neutral would protect northern Prussia better than any Hun army could do it against the advancing allies.

Germany makes no offer to make restitution, so far as it is possible for her to do so, for the monstrous wrong done Belgium, no word of regret or sorrow or explanation is spoken by the Hun. The first principle of "kultur"—what we want we get—is the basis of the brutal proposal.

When Belgium's neutrality interfered with the Kaiser's march to Paris, it was disregarded and Belgium was trampled under the iron heel of the military. Devastated Belgium refuses to accept the bloody fist of the Hun outstretched now for aid. Belgium neutral means at the pleasure of Germany.

But it is the brazen effrontery of the proposal which amazes the world and at the same time makes clear the duty of the world to press on until the last vestige of Hun power is crushed by civilization forever.

Poetry For Today

"TAPS"

When, in the narrow quarters that shall be
 His resting place 'til God's great reveille,
 A soldier's corpse is laid with tender care
 And thrice the rifle's crash hath rent the air,
 There comes a little pause; then with set face
 A bronzed bugler leaves the ranks a pace,
 And 'mid the hush that settles over all
 Prepares to sound the melancholy call
 That signifies 'that all, indeed, is o'er—
 That naught remains to do him honor more.

Mark how the trumpet wails the mournful note!
 What pathos echoes from its brazen throat!
 How, sad and slow, its tones rise soft and clear,
 Each one the seeming symbol of a tear.
 Until the end, then holds the final strain
 And voices in it all of grief and pain
 Then dies away, as if in vain regret
 That it must sound the signal that shall set
 The limit to the ministry of friends
 And mark the moment love's last labor ends.

—Charles S. Anderson.

BOLSHEVIKI FORCES ARE RETREATING

(By Associated Press Cable)
 London, September 19.—Bolsheviki forces are retreating on both the northern and southern front, it is announced. A telegram has been received from Moscow stating the Czech-Slovaks still hold the city of Samara, which the Bolsheviki recently claimed to have retaken.

SPARKS FROM FLUE START SECOND FIRE

Sparks from a flue hole which had been papered over, falling upon a pile of paper bags in one of the rooms occupied by the Millers & Manufacturers Service Company, on South Main street, resulted in a fire alarm being turned in, Thursday afternoon about 2:40, but the threatened blaze was extinguished before the department arrived.

TANKS CREDITED

(American Press)
 Amsterdam, Sept. 19.—American tanks are blamed for the German defeat at St. Mihiel. The Frankfort Zeitung's correspondent telegraphs the following from the west front: "The Franco-American attack at St. Mihiel is now seen to have been a carefully planned undertaking of considerable magnitude. The number of attacking divisions is not yet known for certain, but we know that our losses in prisoners were due to the extensive use by the enemy of tanks. More than 1,000 armored cars of all sizes participated. One of our divisions counted on its sector alone 60 large and 40 small tanks. Troops who hold out stoutly in their positions are always liable to be surrounded by this mobile arm."

FAIRBANKS WILL HEAD OHIO ELKS

Succeeds Jess W. Smith of This City as Head of the Antlered Herd.

By Associated Press Dispatch.
 Columbus, O., September 19.—Chas. W. Fairbanks, of Marion, was formally elected president of the Ohio Elks' Association today at the closing business session of the annual reunion. Columbus was chosen to again entertain the convention next year. President Fairbanks succeeds Jess W. Smith of Washington C. H., who was elected trustee. A large delegation of Elks motored to Camp Sherman where the new Elks community house was dedicated by Bruce A. Campbell.

LEADERS CLEARLY DEFINE POSITION

(By Associated Press Cable)
 London, September 19.—The international relations committee of the inter-allied labor conference today made a report recommending that the conference subscribe to the "fourteen points" formulated by President Wilson thus adopting a policy of clearness as opposed to a policy dictated exclusively by changes on the war map."

HUNGARIAN TROOPS REVOLT

London, Sept. 19.—A revolt by two regiments in Budapest recently was told of by a Hungarian officer captured by American troops. Order was restored when machine guns were brought out and turned on the rebels.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Washington C. H. people recommend Doan's Kidney Pills. could you ask for stronger proof of merit? Mrs. Etta Ellaman, 307 S. North St., Washington C. H., says: "I suffered a good deal with kidney trouble, and was so bad off, I couldn't get up or down without awful pains. I had attacks of lumbago that would lay me up for several days at a time. My kidneys acted irregularly, too. I couldn't rest nights and it was all I could do during the day to drag about. I had heard so much about Doan's Kidney Pills. I gave them a trial. The first box brought fine results." (Statement given July 31, 1913.)
 On August 6, 1917, Mrs. Allaman said: "I haven't changed my good opinion of Doan's Kidney Pills for they always relieve me when I take them."

Standers, Walkers, "Gets-It" for Corns

World Has Never Known Its Equal
 "What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn

Corn-Pain Is Eased—the Corn Is Doomed!
 On earth peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-peeler, not a corn-popper. You don't have to fool with corns—you peel them right off with your fingers by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "koner" sure as the sun rises. "Gets-It," the guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. sold in Washington C. H., and recommended as the world's best corn remedy by Brown's Drug Store and Blackmer & Tanquary.

Social and Personal

The year book of the Daughters of the American Revolution has been issued and is followed by appreciative approval on the part of the Daughters.

In accord with an organization the out growth of the Revolutionary War and foremost in patriotic spirit, the year's programs advance subjects of vital interest in connection with the war, and the entire year's work fits in with the present activities.

An "Anniversary Meeting" on the seventh of October, will introduce the year's work at a social affair and the first Monday of each month will continue to be the regular meeting day at the Federated Club rooms.

The year books are bound in the favorite deep blue of Colonial days, the lettering and emblem on the cover in silver. The program committee was composed of Mrs. Mina Rowe Morris, Chairman; Mrs. Eda Hays Durant, Miss Jean McLean Howat.

The Board of Management includes Regent, Mrs. Harriet Forsyth Woodward; First Vice Regent, Mrs. Lizzie Hegler Daugherty; Second Vice Regent, Mrs. Ada Mark Jones; Secretary, Mrs. Eliza Mark Waddell; Treasurer, Mrs. Cora Gallup Holloway; Registrar, Mrs. Elizabeth Ballard Robinson; Historian, Mrs. Emma Cissna Crawford; Chaplain, Mrs. Bella Waldo Ustick; Pianist, Mrs. Eva Tuttle Craig.

Committee of Safety consists of the officers and Mrs. Clara Stuckey Hitchcock, Mrs. Florence Louise Hidy.

Chapter Committees — Patriotic Education, Mrs. Julia Haigler Kennedy; Historic Sites and Graves of Revolutionary Soldiers, Mrs. Blanche Cockerill McFadden; Daughters of the American Revolution Magazine, Mrs. Mary Hess Briggs; War Work Committee, Mrs. Clara Stuckey Hitchcock, Chm.; Miss Lizzie Wallace Bell, Miss Ada Virginia Woodward, Miss Mary Craig, Mrs. Susan Millikan Hess, Miss Mary Farlow DeWeess, Mrs. Lucy Hess Hornes.

Every third month, the Good Hope W. C. T. U. have a special meeting, with social time and refreshments and the September one was held at the beautiful country home of the King's on the Lyndon pike with Mrs. Emmitt King, Mrs. Carl McCoy and Mrs. Hayward King most hospitable hostesses.

In the business session the following officers were chosen for the ensuing year: Mrs. Laura York, President; Mrs. Clara McCoy, Vice President; Mrs. Hettie Stemler, Corresponding Secretary; Mrs. Lora Bivens, Recording Secretary; and Mrs. Anna Taylor, Treasurer. Mrs. Bivens and Mrs. Hugh Smith were chosen

as delegates to the State Convention to be held in October at Cincinnati. For the county convention, September twenty-seventh, Mesdames Taylor, Perry and Stemler will act as delegates.

The sixty dollars, which was raised by the Union and the Children's L. T. L. to help support an ambulance, field kitchen, and moving pictures for the Y. M. C. A. at the front was reported sent in to Headquarters. Besides a report on the campaign fund was given.

As a part of the program Mrs. York read parts of the excellent lecture of Colonel Baine on Temperance, "Our Country, Our Home and Our Duty" a plea for the home against the saloon.

A social hour with dainty refreshments was greatly enjoyed by the thirty women in attendance and the three guests from this city, Mrs. S. E. Boggs, daughter Miss Bernice and Mrs. J. M. Boyd.

Mrs. Maude Blackmore invited the women to her home for the October meeting, to an outdoor picnic and roast, to be held at her picnic grounds on Paint creek.

The Sugar Grove W. C. T. U. held an interesting meeting at the home of Mrs. Maggie Eyre in this city Wednesday afternoon, with the President Mrs. Elva Post, presiding.

Instead of the usual program a very satisfactory review of the year's work for the benefit of new members was given. Mrs. Post gave a reading, "Yes, I am Guilty."

The business session included the paying of all dues for the year and \$8.20 collected for the Dry Campaign fund.

The annual election of officers resulted as follows: President, Mrs. Pearl Darlington; First Vice President, Mrs. Elva Post; Second Vice, Mrs. Augusta Haines; Secretary, Mrs. Elsie Elliott; Assistant Secretary, Mrs. Haines; Treasurer, Mrs. Laura Pine.

The following delegates were elected to the County W. C. T. U. Convention, Mesdames Ruth Sturgeon, Bess Lanum, Sallie Todhunter Clara Campbell, Ada Manuel and Anna Hardway.

One new member, Mrs. Sherman Reeder, was taken in.

Refreshments were served and a social hour enjoyed.

Cousins of Mrs. George Grove gave her a delightful surprise Wednesday.

Coming in with bountifully filled baskets for an elegant dinner. The affair was in anticipation of the removal of Mr. and Mrs. Grove to the J. E. Hare farm in the near future.

The September meeting of the Woman's Missionary Society of the First Presbyterian church proved very beneficial and inspiring at the home of Mrs. Jesse Persinger, Wednesday afternoon, with forty women in attendance. Mrs. Austin F. Hopkins presided.

The month's subjects, "Plans for the future" and "India" were taken up with much interest, under the leader, Mrs. N. B. Hall.

Mrs. Barnes read a clipping from the North American giving an account of the death of Rev. Murry, of Philadelphia, a personal friend, who was killed while engaged in Y. M. C. A. work.

Mrs. A. J. Walker took up the subject of "Open Doors" and the opportunities for missionary work.

"The needs and call of India," were ably presented by Mrs. M. E. Hitchcock.

At the solicitation of the President, Mrs. John Case made an excellent informal talk.

There was quite a busy preliminary business session.

The nominating Committee and

the Mission Study Class Committee were announced very soon the society will send a box of supplies to Asheville, N. C. School of Missions. Contributions may be sent to Mrs. Frank Jackson at once.

A dainty refection with pleasurable social hour followed the program. Entertaining with Mrs. Persinger were Mesdames N. B. Hall, Robert Sites, J. L. Persinger, Marling Meyers, Will Noble, George Worrell, Wm. Hutchinson, Carl Mallow, Lillie Breech, Carmen Coil, Elizabeth Post, Chas. Edwards, Wilbur Hyer, Homer Baker, Will Baker.

Mrs. W. F. Morford, of Columbus, was a guest.

A Red Cross benefit dance will be held at the K. of P. hall, Friday night, with not only Parker's Orchestra, of Columbus but Parker himself leading it.

The inducement of such perfect music is sufficient to draw a large crowd, even without the other attractions and the good cause.

Miss June Lampe left Thursday morning for Cincinnati, where she will enter the University of Cincinnati to specialize in Physical Culture.

Lieutenant Robert Johnson and sister Miss Margaret, go to Columbus this evening to spend tonight and Friday.

Miss Kate Dore has returned from Rochester, Minn., where she was called by the illness of her brother, Mr. Harry Dore, who underwent an operation at the Mayo Bros. Hospital. The other sister, Miss Mary Dore, remained with her brother, and it is gratifying news to many friends in this city that Mr. Dore is improving daily, and is now able to be wheeled about in a chair.

Corporal and Mrs. Harry Buchanan returned Tuesday evening from their wedding trip, Corporal Buchanan going on to Camp Sherman, while his wife returns to the home of her parents, Mr. and Mrs. T. N. Wain for a couple of weeks.

Mrs. Jeanette Cline had as her guest Wednesday night, Mrs. Lydia Hoover, of Jay County, Indiana.

Mr. and Mrs. Horace Gray and two children, Margaret Jane and Eugene Briggs, came over from Dayton, Wednesday evening to visit with Lt. and Mrs. P. E. Decatur until Thursday evening. Lt. Decatur leaves Saturday morning for Camp Custer, Battle Creek, Mich. Mrs. Decatur expects to join him a week later and remain until he leaves for France.

OCTOBER FIRST IS NEXT TIME CHANGE

Under the law providing for the "daylight saving" which became effective early last summer and has proved of great advantage to countless numbers of persons, clocks are to be turned back one hour on October 1st, just as they were turned forward one hour a few months ago.

Definite announcement as to the hour for changing the time will be made later.

A great many persons will reluctantly return to the change, although they were against the change made last spring when the order came that all clocks and watches should be turned forward one hour.

GREER—BONECUTTER.

A pretty wedding took place Wednesday evening at 7:30 o'clock at the home of Dr. C. C. Hazard on North Fayette street, when Miss Fannie Marie Greer and Mr. Beltram Lee Bonecutter were united in marriage. The impressive ring ceremony was performed by G. E. Groves of the Church of Christ.

The bride, who is the only daughter of Mr. and Mrs. Lee Greer of East Market street, was beautifully attired in a suit of light tan and carried a bouquet of brides roses.

The groom is the oldest son of Mr. and Mrs. Jesse Bonecutter, of Sycamore street. They were accompanied by Mr. Jesse Bonecutter, Misses Beulah Bonecutter and Jessie Lumback.

Owing to the fact that Mr. Bonecutter is within the draft age, they are not planning to go to housekeeping at present. Both are popular and highly respected young people and have a host of friends who join in wishing them a long and happy married life.

IS HELD IN JAIL AT KANSAS CITY

Ollie Lee, who did a term in state prison for burglarizing the Gossard Garage in this city several years ago, is now in the jail at Kansas City, Mo., and inquiry has been made of Sheriff Jones as to the nature of his crime here and his standing generally, with a view to turning him loose so he can enlist in the army.

The nature of his offense in Kansas City is not known, but it is taken for granted that it is not a serious one.

WIRT WOLFE IS HELPING HARVEST S. D. WHEAT CROP

Washington Man Has Been at Work Four Weeks in the Great Wheat Fields of South Dakota and Still Another Month's Threshing Remains—Sleeps Under Thresher.

Wirt Wolfe, for many years employed at the Fayette Grain Company's elevator in this city, now assisting in the work of threshing the great wheat crop in South Dakota, writes the accompanying very interesting letter describing his surroundings and crop conditions in the west.

Carthage, S. D., Sept. 15.
Editor Daily Herald:

Dear Sir: As I have had requests from friends in Washington and Fayette county to describe conditions as they exist out here and as I know of no better way than through The Herald, I will make the effort.

What strikes one as queer when you land here is that the first question asked is: "Are you Swedish or Norwegian," as a majority of the population are of these nationalities and you hear it spoken quite often, more so by the women than the men. Both nationalities have their churches located here and are very devout in their religious belief.

One finds them of a very friendly disposition and easily approached. I asked some of them how they came to locate in this part of the country and they said because the climate was more like their own. There are two Swedish land agents here and they are locating their people here as fast as they can. They seem to know a good thing when they see it. We have been threshing for four weeks and it will take that much longer.

Wheat is making from twenty to thirty bushels per acre, and is of a very good quality. Oats are making fifty or more and barley forty and up.

It has been raining some, making it too wet to thresh.

Part of the time threshing crews are made up of transients the same as myself. In our outfit are two men from Ohio, two from Kansas, two from Illinois, one from Kentucky, one from Wisconsin, one from Kentucky and one from the "Old Sod" where the Shamrock grows. He and I occupy the same apartment—namely, under the separator. We furnish our own bed, and feed with the farmers and will have to say that the feed is better than the bed.

But taking it as a whole will have to say I am enjoying it—sleep good and always ready for the feed; have never missed the first table yet. The fields are full of prairie chickens in the daytime and jack rabbits and coyotes at night.

This leaves me feeling fine and I want to thank you all for the cigars and other tokens of remembrance I have received since coming out here and hope to see you soon. I remain,
Yours truly,
WIRT A. WOLFE.

FIVE THOUSAND TONS OF CLOTHING NEEDED

Five thousand tons of clothing for the Belgians and French who are hemmed in back of the German wall is the amount for which the American Red Cross is asked. The Lake Division's allotment is 400 tons. If every chapter brings realization of the need and the thousands of Red Cross members respond the amount can be easily raised.

Every kind of garment, for all ages and both sexes, is urgently needed. In addition, piece goods—light warm cotton flannel and other kinds of cloth from which to make garments for new born babies; ticking; sheeting, blankets, woolen goods of any kind; shoes of every size are asked for. Scrap leather is needed for repairing foot wear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a small livelihood by repairing gift clothing and making new garments adapted to needs with which they are familiar.

GARMENTS THAT ARE NEEDED

Men's Wear
Shirts (preferably of light colored flannels), undershirts, undershirts, trousers, coats, work-suits (overall suits (3 piece), shoes, overcoats, jerseys sweater-vests, coats (sizes 10½ and 11).

Women's Wear

The Height of Style and Service In Women's Coats And Suits

THE WISE WOMAN will pay great attention this year to the Quality as well as the style of her Fall coat and suit. She will choose durable, all-wool quality materials, tested and pre-shrunk and thoroughly tailored in each detail.

The new Printzess Coats and Suits which are now ready for inspection in our Garment Department possesses great individuality and distinctiveness. In style, quality and fit they leave nothing to be desired. The tailoring is exquisite and thorough. They fit and look much better than other ready-to-wear garments

ALL WOOL QUALITY — TESTED AND PRE-SHRUNK

Only the most reliable all-wool quality goods are used in Printzess Coats and Suits—goods that have been subjected to the most rigorous acid tests and thoroughly pre-shrunk. The beautiful tailoring puts extra wear into the garments. They will hold their shape and stylish lines and give at least two seasons of excellent service. They are the most economical and stylish coats and suits you can buy today, made by a house of national reputation for "distinction in dress."

Visit our store and see these beautiful productions while our stock of sizes and models is very complete. Note for yourself the quality of the goods and the tailoring. You will be surprised at the reasonableness of the prices, once you have tried on and examined the garment.

CRAIG BROTHERS

coats, blouses, shirts, overcoats, suits (2 pieces), pinafores, shoes, cloth hats, knitted caps, stockings (sizes 7 and 8).

Miscellaneous

Bed-ticks, bed-sheets, pillow cases, blankets, mufflers.

Bring every garment you can possibly to the Red Cross work shop October 1st to 5th.

The Red Cross has asked the Woman's Committee, Council of National Defense to take over the work of

collecting the clothing, also to make a full and complete list of all the soldiers, who have gone out of Fayette County since the beginning of the war.

CROWDER TALKS ON REGISTRATION FEW MEN FAILED

(American Press)

Washington, Sept. 19.—Complete returns from last Thursday's registration in 31 states and the District of Columbia, showing an enrollment of 7,651,252 men, as against the official estimate of 7,623,350, led Provost Marshal General Crowder to announce that it is very plain that practically every living man of the new registration ages came forward. "There is no shortage between the number of men that exist, alive, and the number that registered," said General Crowder. "This is where we have scored a national triumph."

General Crowder pointed out that before the registration his office estimated on the basis of figures furnished by actuarial and census experts that the registration would total 12,778,758, and that the returns

so far received indicated that the actual registration would be at least 12,870,000. Ohio registered 762,741 men, 23,314 more than the provost marshal's office had estimated.

BREWERY WORKMEN FOR ESSENTIAL WORK

By Associated Press Dispatch.

St. Louis, September 19.—Nineteen breweries employing about 10,000 men are expected to discontinue business in St. Louis December 1, when the Food Administration's order prohibiting manufacture of beer and other malt liquors goes into effect. The brewery workers at a meeting that followed publication of the recent order declared they did not believe that the government would close the plants on that date, but would provide work for all of them. The brewery owners have announced their plants would be turned over to the government if the government asks for them.

Not only will the proposed closing of the breweries release 10,000 men for other employment, but 400 of the 1,800 saloons now in St. Louis are expected to be closed by January 3. The

remainder probably will be closed in a few months after that date. It is estimated that the beer on hand when the breweries close will last from two to four months.

VOTE NEAR NOW ON REVENUE BILL

(American Press)

Washington, Sept. 19.—The house has approved all of the principal tax provisions of the war revenue bill. With only a few minor provisions and amendments now to be considered, leaders believe a final vote will be reached tomorrow.

After adopting the war excess profits provisions without change, the house passed important sections raising many millions of dollars without a word of objection or even discussion.

Besides the war excess profits sections, which yield the greatest returns to come from the bill, provisions adopted were taxes on estates estimated to raise \$110,000,000; transportation, \$187,000,000; amusement admissions, \$100,000,000; excise taxes, including automobiles, jewelry, luxuries and semi-luxuries, \$518,000,000; beverages, \$137,000,000; tobacco, \$341,000,000; capital stock, \$70,000,000; the federal automobile license provisions, \$72,930,000, and stamp taxes, \$3,000,000.

The war profits plan provides broadly for a levy of 80 per cent on corporate profits exceeding 10 per cent on invested capital, plus a flat exemption of \$3,000 over profits of a pre-war period. The excess profits rates, ranging from 35 to 70 per cent on capital over exemptions of 15 to 20 per cent, are virtually double those now in force.

Admitting that Secretary McAdoo and many other economists had urged the straight war profits method and opposed the committee's increase of excess profits rates, Chairman Kitchen of the ways and means committee declared that if the excess profits plan were not in effect thousands of rich corporations, whose profits since the war have been greatly increased, would not pay a penny of war profits. The discrimination against those taxed by the war profits plan, he said, would be greater if the committee had not increased the excess profits rates.

The most important matters remaining to be disposed of are the proposal to tax cotton \$3 a bale and to impose a 5 per cent tax on products of child labor. The cotton tax was formally proposed by Representative Moore of Pennsylvania and the amendment met instant and spirited opposition. Leaders predicted the amendment will be rejected.

FIRE PREVENTION

(American Press)

Columbus, Sept. 19.—In a statement calling attention to the changing of fire prevention day from Oct. 9 to Nov. 2, because of the fourth liberty loan, State Fire Marshal Fleming announced that this year the department was assured of the active co-operation of the fire chiefs' club of Ohio, the various fire chiefs and volunteer organizations, public officials, state and municipal schools, churches, women's clubs, motion picture houses and other potential allies in observance of the day. In many cities and towns there will be parades, showing the advancement of fire fighting since the days of the Chicago holocaust, and by means of banners and floats the needless losses due to carelessness with matches, gasoline, electricity, stoves, ashes, etc., lessons will be driven home with wartime vigor.

CORN CUTTERS ARE FLOCKING IN

During the past few days quite a number of corn cutters from the hill counties have applied at the Free Employment bureau for work, and it required some telephoning about on the part of Supt. Reams to place some of the workmen.

Taken as a whole the past few days the number of corn cutters available have exceeded the demand, and farmers who are in need of corn cutters are asked to place their orders with the Free Employment bureau so that the men may be directed where to go as speedily as possible.

WHAT'S DOING AMONG TROOPS IN CAMP SHERMAN

By Associated Press Dispatch.

Camp Sherman, Chillicothe, O., September 18.—Ninety-nine out of every hundred visitors who come to Camp Sherman express a desire to look at the German prisoners of war who are confined in a stockade here. But it is next to impossible to get to see them, for numerous guards are placed about the stockade purposely to keep visitors from conversation with the prisoners.

The stockade is kept heavily guarded at all times and even very few commissioned officers are permitted to talk with the Germans. A barbed wire entanglement circles the stockade. These wires are charged with electricity and the current can be turned on at a moment's notice.

The building in camp which formerly was designated as "S-33" now is known as "Bungalow Barracks." Soldiers here attached to the 14th company, Fourth Training Battalion, live there. It has been dubbed "Bungalow Barracks" because the soldiers conceived the idea of decorating the building with rustic timber and odd vines. Every piece of wood in the structure exposed to view, save the flooring, is barked white pine, oak and elm. Captain Wm. Welty, commanding officer of the company conceived the idea of decorating the building and Corporal Shasteen, formerly a window decorator of Toledo, superintended the work.

When Corporal C. E. Dutton, one of the military policemen at Camp Sherman gets to France, "bagging Huns" will not be an innovation for him. He probably is the only soldier in this country who has not been in Europe who can say he already has captured two Germans.

It happened a few weeks ago when two of the German prisoners of war held here escaped from their guards. The military police were called, and the honor of capturing the Huns went to Corporal Dutton, who is an Ohioan. He was a farmer before he came here. He was alone when he captured the prisoners. Now he is a hero in the eyes of the other boys at the cantonment.

While the depot brigade is still intact at Camp Sherman, the boys attached to that unit are having much fun joshing their comrades because overseas service for them is a long way off. The depot brigade furnishes men to fill up regular regiments. Its sort of a replenishing brigade.

All depot brigade men have hopes of being attached to the new 95th division which is to be formed here soon for overseas service. However, that's a long way off. One rookie said latest song in camp is "Take down the service flag, Mother, I'm in the Depot Brigade."

LOCATED UPON HISTORIC GROUND

(Associated Press Correspondence)

Paris, September 10.—The American Red Cross warehouse in Paris, at 90 Rue du Chemin Vert, is located on the scene of a good part of the action in Victor Hugo's novel "Les Misérables." The author gives the street its full name, now discarded, of "rue du Chemin Vert St. Antoine." It was up this "long and narrow street," that Jean Valjean and the child Fantine turned when pursued by the police.

At the end of this street is Riepus, where Jean Valjean took refuge in a convent. At the other end of the Place des Vosges, where Victor Hugo lived while writing "Les Misérables."
